ZERO EMISSION TRANSPORT

## ZE-C125 – 100% Electric

**The Electric Coach that moves us.**  
Up to 600kms of fast, whisper quiet luxury.

[nexport.com.au](http://nexport.com.au)

## Introducing the Future of Transportation

Better, Cleaner, Cheaper – that is our promise to you and your passengers. With the ability to cover up to 600 km coupled with a smoother, quieter ride experience, Nexport's new state of the art electric coach is revolutionizing long distance bus travel.

The spacious, modern interior is designed with the comfort and safety of passengers in mind. With comfortable seating, on-board entertainment and Wi-Fi access, our coach is the perfect choice for both short and long trips.

Advanced driver safety features such as automatic braking, fatigue, distraction management and lane departure warning as standard, it is one of the safest ways to travel.

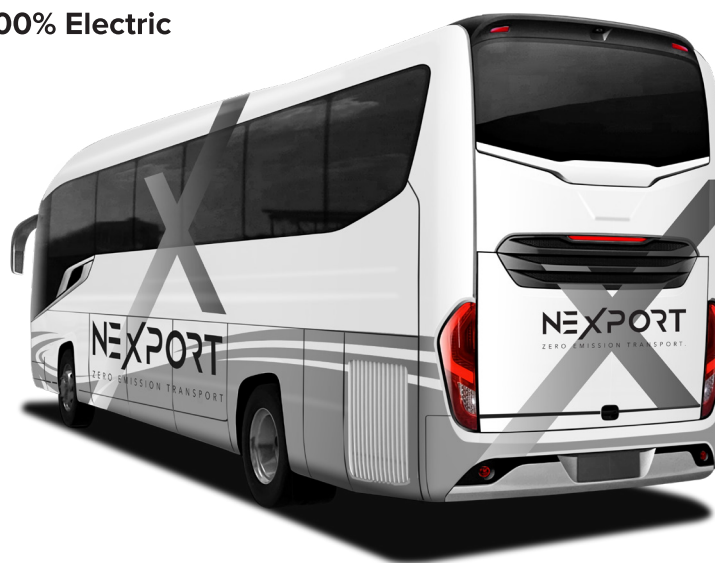

Advanced battery systems, energy efficient electric motors and easy access to key components ensure maximum performance and minimal downtime for essential repairs.

Upgrade your fleet today and provide a cheaper, cleaner, quieter, better, more efficient mode of transportation for you and your passengers. Contact us today to see how the ZE-C125 can benefit your business or organisation.
